

For this assignment, you need to create the tic-tac-toe game using HTML, CSS, JavaScript. Look for the GIF in the #announcement channel.

#### Deliverables:

- User should be able to click on any of the square and the correspondingly the correct value (O or X) should be displayed in it.

As a bonus, track the game state after each move and display the result – Tie, P1 wins or P2 wins.

#### Note:

- You have the freedom to design this in any way.
