Q1. Write a program to find the count of all even no's and odd no's in an array / list
Eg [1,2,3,4,5,6,7,8,9,10]
Odd_count = 5
Even_count = 5

Q2. Write a program to find the count of every vowel in a string eg.
S = "envelope"
Output :
E -> 3
O -> 1
