In today's CC, you need to create a color tile sample which will have random colors at first but when the user clicks on **generate** button(See #announcement channel in slack for the GIF), the color tiles gets new random colors.

Random Color Generator

#EEA742	#0B7390	#266498	#9C8799	#2672E2

Generate

Note:

- You have the freedom to style the page in anyway you like.
- No embedded JavaScript. Your JavaScript code should be written in a .js file and should be linked accordingly.
- Minimum 5 tiles should be present in the webpage.
